

Senior Helper Application - CEN3024C Course Project Milestone 4

09/16/25

7:00 PM

Meeting Total: 120 Minutes

Location: In-person & Webex

I. Meeting Overview

Determined members that will work on adding to the README.md file and creating the initial and progressed entity-relationship diagrams. Fixed mismatches between multiple entities and repositories sub-packages, plans to combine 'User' and 'Person' entities to reduce redundancy, and various ideas related to the educational modules and senior management features. Educational Modules; creation of quiz, question, and answer entities and associations to existing modules or lessons, as well as a focus on the user progress functionality. Senior Management; focusing on two roles to reduce early complexities, 'Senior' and 'Caregiver'.
