

SeniorHelper Application – Milestone 2 Documentation

CEN4025C Software Development II | Spring 2026

I. Meeting Information

Date: 01/21/26
Time: 7:00 PM – 9:00 PM **(120 Minutes)**
Location: In-Person & WebEx

Date: 01/28/26
Time: 6:00 PM – 8:30 PM **(150 Minutes)**
Location: WebEx

II. Meeting Overview

(1/21) – Initial Planning & Process Adjustment

- **Focus:** Reviewed Milestone 1 submission challenges and created updated design sketches.
- **Decisions:** Adjusted team-member submission deadlines to Sundays 12 PM.
- **Action Items:** Scribe will submit the final document no later than Sundays at 3 PM to ensure timely delivery

(1/28) – Design & Development Session

- **Focus:** Focused on application wireframing and UI layout.
 - **Key Discussions:** Established design best practices, including color palettes, typography, and accessibility features for seniors (e.g., larger fonts, high-contrast but muted “dulled” colors).
 - **Outcomes:** Completed wireframe and the majority of the UI layout.
 - **Logistics Update:** Updated team submission deadline to **Tuesday 2/3 12 AM** to allow more development time.
-

III. App Contributor Roles & Teams

Name	Role	Functional & Component Sub-Team
Lauren Knotts	Team Lead, Scribe	Education System
Baudelaire Messago Ngumouo	TBD	User Mgmt. (Carelink)
Dayne Allen-Wright	TBD	Appointment
Dewey Mccrary	TBD	Appointment, User Auth.
Tamia Jenkins	TBD	User Mgmt. (Carelink)
Ricardo Serrano	TBD	Education System, User Auth.

IV. Team To-Do's (As of 1/21/26)

All team members are responsible for the following tasks.

- **Define Angular components:** Identify the specific Angular components needed for your assigned feature area (e.g., LoginComponent, CalendarComponent, etc.)
- **Create Component Hierarchy:** Show how your components relate to each other (parent-child relationships within the system)
- **Develop UI Layout:** Create a general layout of how your assigned pages might look within the website.
- **Develop Wireframes:** Create detailed wireframes or mockups for your assigned pages showing layout, navigation, and key UI elements
- **Document component structure:** List the components you'll build with brief descriptions of their purpose and/or functionality.

Submission Deadlines (UPDATED)

- Submit all component structures, wireframes, updated sketches, and design artifacts to the team lead via Discord or shared Microsoft document by **02/01/2026 at 12:00 PM.**
- Team lead will compile all materials and submit the Milestone 2 document to Canvas by **02/01/2026 at 3:00 PM.**

Communication

- Keep the group chat or team lead updated on your progress throughout the week.
- If you encounter issues or need clarification, reach out by **Friday, January 30th** so the team can provide support before the weekend deadline.

V. Decisions

- Team deadlines for submissions making it into the milestone document is **February 01, 2026, at 12:00 PM**
 - Course Project Milestone document will be submitted **February 01, 2026, at 3:00 PM**
-

VI. Planned Component Structure (Angular Component Structure/Diagram) – Group

Authentication (Ricky & Dewey)

Components:

- **LoginComponent**
 - SeniorHelper title/logo displayed at the top of the page.
 - 2 text boxes for username and password.
 - "Remember me" checkbox
 - "Login" button -> maps to home page on successful login; error message for wrong credentials.
 - "Register" button -> maps to registration form where the user can create an account.
 - "OR" text and divider separating login from registration sections
- **RegistrationComponent**
 - "Sign up" text displayed at the top.
 - "Username" text box
 - "Password" text box
 - "Your email" text box

- "I am a..." (role) dropdown where you can select senior, caregiver, family member
- Green "Sign Up" button -> leads to home page on successful account creation
- "Already have an account? Log in" with a hyperlink that redirects you back to the login page

Calendar/Appointments (Dayne & Dewey)

Components:

- Page header for Calendar page displays Calendar
- Calendar page displays calendar with dated boxes
- Calendar highlights current day
- Calendar displays appointments for each day in a limited (expandable) format
- Calendar has functionality to both click a date to add/remove appointments as well as add/remove appointments
- Calendar page has navigation UI position to the top of the page
- Buttons to add and remove appointments located at the top of the page
- Appointments on Calendar page are editable
- Page header for schedule page displays "This Week at a Glance"
- "This Week at a Glance" via Dashboard has date with upcoming appointments listed in individual boxes

Connections/Carelink (Tamia & Baudelaire)

Components:

- **ConnectionComponent**

Purpose: Manage connections between Seniors, Caregivers, and Family members.

Main Page

- Page Title: "Connections"
- Two-panel layout: "Create Connection" (left) | "View Connections" (right)
- Back button (top-left) returns to Main User Dashboard

Create Connection Panel

- Instruction: "Enter the user's ID to request access to their appointments and progress"
- Input Fields: User ID, First Name, Last Name
- Submit button (center-aligned, justified)
- Real-time update to "View Connections" panel

View Connections Panel

- Displays list of all connected users
- Each connection displays:
 - Full name, Role (Senior/Caregiver/Family), "Connected Since" date, Delete icon (red trash can)

Education (Lauren & Ricky)

Components:

- **ModuleListComponent**

- Page Title: "Educational Modules" (H1)
- Display all modules in cards/list format
 - Each card includes Module #, Title/Name, short description, and button.
- "Start Module" or "Continue Learning" buttons

- **ModuleDetailComponent**

- Display Module #, Title/Name, Description, and progress bar for completion of lessons within that module.
- Show lessons for selected module
 - Green check mark indicating that a lesson was marked complete
 - Red hollow circle indicating that a lesson has not been started
- Show quiz for module
- **LessonViewerComponent**
 - Left Arrow Icon Button: “Back to Module” to return to the previous screen
 - Display lesson content
 - Key Takeaway section, highlighted yellow, to mark key concepts
 - “Previous Lesson” or “Mark Complete & Continue” buttons to navigate lessons
 - “Mark as Complete” button -> maps to progress
- **QuizComponent**
 - Left Arrow Icon Button: “Exit Quiz” to return to the previous screen
 - Page Title: Module # Quiz: Module Title/Name, instructions
 - Instructions: “Answer all questions below and submit when ready”
 - Displays all questions on one page, each on a separate tile with multiple answers
 - Radio-style buttons for answer choices
 - “Mark Complete & Continue” button maps to a user’s progress

Dashboard (All – Collaborative)

- **DashboardComponent**
 - Navigation tiles for: Calendar | Connections | Education
 - Short and simple description of what the page contains
 - Includes Navigation Bar at the top of the page
 - Friendly welcome message beneath the Navigation Bar
 - “Hello, {username}! What would you like to do today?”
- **NavBarComponent**
 - Simple Icons leading to main sections
 - Home | Calendar | Connections | Education | Account/Settings
 - Links to main sections: Home | Calendar | Connections | Education | Account/Settings
 - Logo/SeniorHelper text as the Home button on far left of the bar
 - Whole navbar “Floats” and remains on screen regardless of where you scroll to
 - Username display
 - Logout button
 - Visible on all authenticated pages

VII. UI Layout – Group

Created using Figma, attached in document titled: *CEN4025C M2 - UI Mockup*

Decided Typography Style:

Typography Style

Headers/Important Topics - H1 Level - 40 Pt (Bold)

Subheaders - H2 Level - 28 Pt (Bold)

Navbar/Footer/Subheaders - H3 Level - 24 Pt (Bold)

General Text - 20 pt (Not Bolded)

Font: Inter

Web Application Color Scheme:

Colors

	679B96	Main Icons/Buttons/Etc
	C96B6B	Error Messages
	6FAF8E	Success/Complete
	5B7FA6	Information/User Icons/Misc
	E6B566	Warnings/Key Takeaways
	E2E6EB	Main Page Background
	1F2937	Primary Text Color

VIII. Wireframes – Group

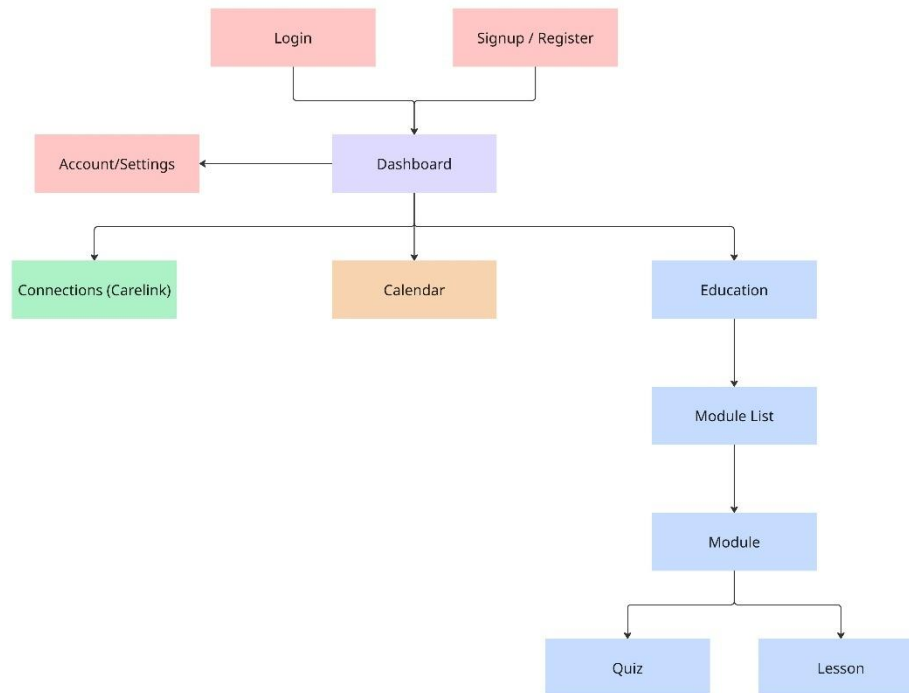

Created using Lucidchart, attached in document titled: *CEN4025C M2 – Projected Wireframe*

IX. Enhanced Sketches – Group

Attached in document titled: *CEN4025C M2 – Enhanced Sketches*

X. Diagrams – Updated Sitemap

Senior Helper Sitemap

XI. Task Breakdowns – Updates from Milestone 1

US-07: Create a Carelink Connection Page

7.1 Create connection page

– Assigned: Tamia

7.2 Implement link user form

– Assigned: Tamia

7.3 Implement view connections page

– Assigned: Baudelaire

7.4 Redirect back to connection page after creating connection

– Assigned: Baudelaire
